

# 'He Is Risen; He Is Not Here'

When the sabbath was past, Mary Magdalene, and Mary the Mother of James, and Salome, had bought sweet spices, that they might come and anoint Him. And very early in the morning the first day of the week, they came unto the sepulchre at the rising of the sun.

And they said among themselves, Who shall roll us away the stone from the door of the sepulchre? And when they looked, they saw that the stone was rolled away: for it was very great. And entering into the sepulchre, they saw a young man sitting on the

right side, clothed in a long white garment; and they were affrighted. And he saith unto them, Be not affrighted: Ye seek Jesus of Nazareth, which was crucified: He is risen; He is not here: behold the place where they laid Him. But go your way, tell His disciples and Peter

that He goeth before you into Galilee: there shall ye see Him, as He said unto you. And they went out quickly, and fled from the sepulchre; for they trembled and were amazed: neither said they anything to any man; for they were afraid. —From the Gospel according to St. Mark.

## Drive to Get Measure on Ballot Begun

Double ceremonies in Los Angeles Thursday morning launched a drive to obtain 420,768 valid signatures to qualify a new senate reapportionment initiative petition for the November ballot. The signatures must be obtained by June 17.

Supervisor Frank G. Bonelli, who led an unsuccessful effort to bring about reapportionment of the state senate two years ago, became the first signer in spite of a fractured right wrist which he incurred in a fall in Sacramento earlier in the week. The supervisor was on his way to request title and summary of his reapportionment petition when he fell in Sacramento, injuring his wrist.

Joining Bonelli at the top of the first petition was Mayor Sam Yorty of Los Angeles, who signed right under Bonelli in ceremonies held in Bonelli's conference room in the County Hall of Administration.

H. Brown introduced the petition which was signed by all members of the body.

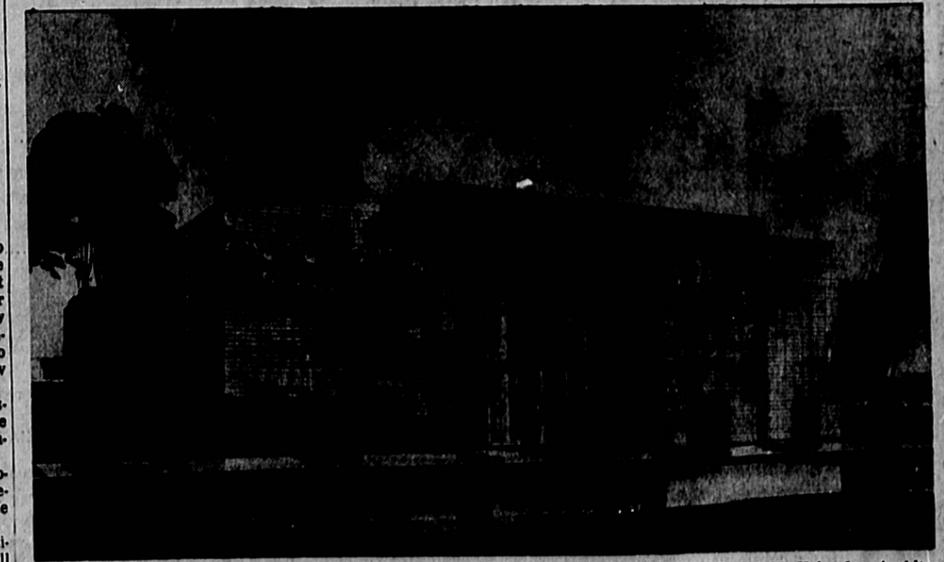

"With such a start, I am confident that we will obtain the 420,768 signatures that we need by June 17," Bonelli said. "The days of taxation without representation will be ended for Southern California and other populous areas of our state when this measure becomes law by the will of the people," he said.

IMMEDIATELY after the civic center signing ceremonies, petitions appeared in dozens of Southland communities where circulation was begun.

The plan offered by the group, which now has the full backing of the Board of Supervisors and the Los Angeles City Council, would add 10 members to the present 40-member Senate. Five of the additional members would be added to Los Angeles County, and one each to San Diego, Orange, San Francisco, Alameda, and Santa Clara. No reduction in representation is suggested for other areas of the state.
